

FLAME '62

# The Colfax High School Annual Staff

Has Chosen

Hands

To Dominate **"THE FLAME"** of 1962

The staff thinks like Tuckerman has said: "The hand is the mind's only perfect vassal; and when, through age or illness, the connection between them is interrupted, there are few more affecting tokens of human decay."

Other parts of the body assist a speaker but hands speak for themselves - By them, we ask, promise, invoke, dismiss, threaten, entreat, deprecate - By them we express fear, joy, worship, grief, our doubt, assent, or penitence; we show moderation or profusion, and mark, number and time.

A study of one's hands tells a great deal of one's character, occupation, culture, health and age.

From infancy to old age we reach out our hand to touch and learn. By training the hands to usefulness, we are able to earn a livelihood, change ideas to realities; record facts in print and beauty on canvas, create beauty of design and body and keep recorded genius alive in music and science. By their usefulness we may calm nerves and tension within ourselves, help a depressed friend by a wave of the hand, in greeting, as we hurry on our way or stop to give a warm handshake, in friendship, to a fellow man.

It is said that "The Future of Our Nation is in the Hands of Its Youth." In infancy, training for this responsibility is begun when the hand of the infant reaches out to grasp the hand of its parent. In school, from kindergarten to graduation, our teachers continue to train our hands in many ways; that they may become more skilled - in usefulness for ourselves and others - that they may be prepared to help us grasp or receive the responsibilities of our future years - so that when our lives are spent, our hands shall have helped us leave this world a better place in which to live.

May you enjoy your yearbook of 1962 and put your hands to good use.

MRS. MELBA LITTLE - English Teacher 1961 - Sponsor

Columned doors and covered walks,  
These are dear to me.  
Towering walls, magnolia trees  
Bring back memories.

Shadowed halls I've walked upon,  
Benches 'neath a tree,  
Royal colors waved so high  
Will ever treasured be.

Oh, Alma Mater, I sing to thee,  
Telling treasures dear.  
And thoughts of thee so real to me  
Will come back through the years.

# IN MEMORIAM

**Claude Johnson**

Aug. 4, 1961

Days of sadness still come o'er us,  
Tears in silence often flow,  
Memory keeps you ever near us,  
Though you passed on some time ago,  
No one knows the silent heartaches,  
Only those who have lost can tell  
Of the grief now borne in silence  
For the one we loved so well.

Sadly missed by

Your fellow schoolmates

## SUPERINTENDENT'S MESSAGE

JAMES L. LONG, PRESIDENT

GRANT PARISH SCHOOL BOARD  
CECIL C. BELGARD, SUPERINTENDENT  
COLFAX, LOUISIANA

T. H. VALLEE, VICE PRESIDENT

Skilled hands directed by a well trained mind can do much to add to the useful work that can be performed by an individual.

An opportunity is afforded high school students to train their hands for the successful performance of tasks which will confront them in their daily work. Our schools offer a number of Vocational subjects designed to perfect skills with the hands. Vocational Agriculture and Home Economics offer many practical experiences in the use of hands such as sharpening tools, welding, cutting and putting together wood, sewing, making decorations, repairing house tools and appliances and numberless others.

Dexterity can be improved by participating in many other school activities, such as, band, athletics, industrial arts and typewriting. The goods we use and a large part of the services which we receive results from the use of trained hands. Skill in the performance of manual manipulations is desired if the worker is to do a creditable job, therefore, strive to train your hands to do a good job along with training of your mind to direct whatever it is your lot to do.

# PRINCIPAL'S MESSAGE

**Colfax High School**  
E. B. SWAFFORD, Principal  
**Colfax, Louisiana**

TO THE STUDENTS OF COLFAX HIGH SCHOOL

Have you ever stopped to consider the importance of hands in the shaping of your future? To suddenly lose the use of your hands would be almost unbearable. Yet a good many people do lose the use of their hands and then have to adjust themselves in order that the other body senses can overcome this loss to a great degree.

The hands learn the skill of writing legibly and to convey one's thoughts and ideas to paper for others to read and profit by. The use of one's hands in a friendly greeting such as a handshake causes one to feel at ease and lets one know that he is welcome.

The doctor's comforting hand as he feels his patient's pulse or a fevered brow, gives one the assurance that he is not alone in his suffering and raises one's desire to carry on. The friendly pat on the back or the reassuring pressure as hands touch when one is troubled conveys a message of understanding.

Close examination of one's hands reveals the type of work he does. A sculptor, a musician and an artist expresses his thoughts by creating with his hands. The surgeon with his skilled hands brings a life safely through a crisis. The osteopath and chiropractor by proper use of pressure applied to tight nerve areas relax muscles and bring comforting relief that no drugs can give. The dentist, though he may be nerve wrecking for an instant, through his skilled hands saves our teeth for us.

Wise training of one's hands to do useful things for improvement financially, physically, socially and spiritually is shared by your fellowman, making this a better place in which to live.

Sincerely,

*E. B. Swafford*  
E. B. Swafford,  
Principal

## DEDICATED TO OUR PARENTS

To you who took our hand in yours in infancy, to love, to guard, and to guide us in all of our endeavors. To you who set before us an exemplary model of a life to follow. To you who understand, assist, encourage, and correct our misdemeanors. To you who have sacrificed so generously to prepare us to take our place among citizens of two worlds, earth and heaven. To you, our parents, we the Colfax High School Annual Staff and the entire student body dedicate the Flame of 1962.

FLAME COURT  
JUDGE  
1962

HON. JOEL L. FLETCHER.

President  
of  
University of  
Southwestern Louisiana  
Lafayette, Louisiana

DR. FLETCHER  
has recently  
published a book called  
"SONG OF THE HILLS."

It is about  
Grant Parish, La.  
Please read it.  
(He is a native son).

UNIVERSITY OF SOUTHWESTERN LOUISIANA  
LAFAYETTE, LA.

OFFICE OF THE PRESIDENT

February 5, 1962.

Miss Sue Dean, Executive Manager,  
Culfax High School Annual Staff,  
Culfax High School,  
Culfax, Louisiana.

Dear Sue:

Under separate cover I am returning the  
portraits which you sent to me to make the selection  
of "Miss Flame". I want you to know it was a most  
difficult decision to make as all the contestants  
were lovely. We have put the seven winners in a  
separate envelope, as follows:

|              |     |
|--------------|-----|
| "Miss Flame" | 1-K |
| Runner-up    | 2-D |
|              | 3-G |
|              | 4-N |
|              | 5-Q |
|              | 6-E |
|              | 7-H |

Also under separate cover I am sending your  
library three brochures on Louisiana and Louisiana  
people, which I hope each one will read. I love  
Louisiana, but Grant Parish is my favorite of all  
parts of this beautiful state.

With every good wish to you for the success  
of your annual and with kindest personal regards,  
I am

Sincerely,  
*Joel L. Fletcher*  
Joel L. Fletcher,  
President.

The World  
in His Hands!

Through faith we understand  
that the worlds were framed
